Utah County, Utah

Dear Mr. Booth:

Pursuant to the Utah Mined Land Reclamation Act, Title 40-8, Utah Code Annotated, 1953, the Board and Division of Oil, Gas and Mining, on May 27, 1982, found that the Notice of Intention and Mining and Reclamatin Plan for the Burgin Mine has satisfied the requirements of the Act and the General Rules and Regulations and Rules of Practice and Procedure.

Pursuant to Sections 40-8-13 and 40-8-14, a 30 day public comment period was completed on July 12, 1982 with no adverse comments being received. Additionally, Sunshine Mining Company has provided the Division of Oil, Gas and Mining with a copy of the bond in the amount and form acceptable to the Board and Division.

Therefore, the Division finds that Sunshine Mining Company has complied with all requirements of the Act and Rules and Regulations and hereby issues final approval for the Burgin Mine.

Sunshine Mining Company will however, be subject to possible withdrawal of approval and forfeiture of the bond for non-compliance with practice or procedure as specified in the Notice of Intention and Mining and Reclamation Plan. Notice of commencement of mining operatons must be given to the Division within 30 days of commencement. Please be advised that any modifications to this plan should be submitted to the Division for approval at least sixty (60) days prior to the desired date of implementation. Also please be aware that Form MR-3, an Annual Operations and Progress Report, is required to be submitted during the first quarter of each year. A copy has been enclosed for your convenience. If you have any questions, please don't hesitate to call.
